FAQS

Kit List | You can find the full kit list our website: www.insideouted.co.uk/kit

Phones & Electricals | Unplugged and rewilded. Our programmes are technology free zones, so it's a 'no' to phones, handheld electricals or anything else that needs power.

Friends | Coming alone can be scary, but we always partner new starters with some of our regular friendly faces. Children that are coming with friends may not be in the same clan, but will still get lots of time both together, and time to make new friends.
